veeda edge

Simplifying the complexities of your oncology studies for better results

Veeda Clinical Research Pvt. Ltd. is **India's most experienced early phase clinical development CRO** with a global outreach providing ethical Clinical Research Solutions. With a competent team of **650 experienced** personnel and **a stern focus on providing quality solutions,** we are the ideal partner for **a quality conduct of your oncology studies.**

Challenges for Oncology based studies

- Identifying potential Investigators having prior trial experience with good recruiting potential.
 - Timely recruitment and compliance to protocol with optimal resources.
 - Sample collection and processing for complex formulations.

At Veeda, we have already succeeded in setting forth simple yet quality procedures to tackle the complexities associated with oncology studies. With our experience of completing 14 PK studies for generic molecules and 4 phase II studies, we are better equipped to overcome oncology trial challenges.

Our Capabilities

- Proven track record of timely recruitment completion even for rare indications like RCC and SCLC.
- Dynamic database of pre-screened experienced Investigators with good recruitment potential.
- Worked with more than 100 Investigators'sites in different Therapeutic Areas.
- Excellent regulatory liaison to accelerate the approval process.
- Scientific Project Management Team sensitive to project needs.
- 100% Data review by QA.

Veeda Advantage

Road Map for more than 42 molecules for Patient based Pharmacokinetic Studies

Proven regulatory track record with 20 USFDA (including 10 inspections at investigator sites), 5 European, 4 WHO & 5 ANVISA audits

Past experience of handling challenging BE studies like liposomal doxorubicin and protein bound paclitaxel

State of the art
Bio-analytical Unit with
more than 593 validated
assays in its library of
compounds, 36 NCE
methods and 16 under
development.
